

Pilot Licence Starter Pack

Start our introductory flight training package and get a better idea of what training to be a pilot is like. Included in the course is:

- 6 hours of flight time and 6 hours of preflight briefings.
- A kit with study books, pilot notes and a log book.
- All airport charges.

All hours of the course count towards your Private Pilot Licence.

Covers the core introductory lessons:

- Effects of control
- Straight and level
- Climbing and descending
- Turning
- Stalling
- Circuit Introduction

All for:

\$2500

Based on training in a Cessna 152; the course is also available using a Cessna 172 or Piper Warrior, for a total cost of \$3000. Prices as of December 2018.
