# RECREATIONAL PILOT LICENCE

An RPL is the first step on your journey to becoming a pilot. In this course you will learn how to control an aircraft safely. Correct instruction at this time of your training is vital as you will carry these skills through the rest of your flying.

A recreational pilot license (RPL) is intended for those who want to fly purely for recreational purposes. It allows pilots to fly light (under 1500kg maximum take-off weight), single-engine aircraft as pilot in command and can be achieved in as little as 30 hours. The RPL also allows pilots to fly without supervision from a flight instructor or flying school once they have earned the licence

## LICENCE REQUIREMENTS

- Be at least 16 years of age
- Complete relevant flight training
- Undertake general English Language Assessment
  - Pass RPL theory exam
  - Pass RPL flight test

Have at least 25 hours of flying time including a minimum of 20 hours dual and 5 hours pilot in command  
Aviation security ID card (ASIC) to use security controlled airports

## WHAT IS THE COST?

### RPL Course (C152)

Briefing	12	\$ 924.00
Dual Flight	28	\$ 8,820.00
Solo Flight/ Command hours	5.5	\$ 1,342.00
Sim	1	\$ 192.00
Others fees		\$ 924.00
Exam Fees		\$165.00
Books and Maps		\$ 220.00
RPL Course		\$ 660.00
		<b>\$ 13,247.00</b>

Updated July 2018

## Medical Certificate

### Recreational Aviation Medical Practitioner's Certificate (RAMPC).

Conducted by any General Practitioner, and only permits you to carry one passenger unless another pilot who is authorised to fly the aircraft has a class 1 or 2 medical

OR

### CASA Class 1 or 2 medical.

Conducted by a Designated Aviation Medical Examiner (DAME), and permits carriage of more than one passenger
