## TRIAL INSTRUCTION FLIGHT

Live your dream, take the controls and experience flight from the pilot seat. These flights are perfect as gifts for special occasions or for someone who may be interested in pursuing flying as a career or hobby. Your experience will begin with a briefing with a qualified instructor on the basics of flight. Then it's off to the training area to put all that theory into practice. Your instructor will be right next to you guiding you through your experience and answering any questions you may have. Be warned flying is very addictive and you will want more. Have your camera ready as you will be amazed at the beauty Sydney has to offer from the air.
